- Volunteer set up and break down teams for major living history reenactments at local, state and federal historic sites and parks. Set up camping spaces and areas, directed traffic, provided guest and participant information, maintained safety protocols during the event.

**REFERENCES:** Happy to provide upon request

**REASON FOR APPLICATION:**

We love experiencing amazing new places and building relationships and meeting people along the way.

My wife and I own an Avion, 32-foot all-aluminum travel trailer in outstanding condition. It is similar in looks and design to an Airstream. We are happy to provide additional photos of our trailer and ourselves. We have been RVing for over 18 years.

In the spring of 2023, I took advantage of an early retirement opportunity from the NYS Dept of Transportation so we could begin to do more traveling. My wife, Luise had retired at the end of 2020.

We live full time in our RV and, along with our small Cavalier King Charles Spaniel dog, Nutmeg, we enjoy travel around the USA and Canada. Our travel has taken us across the USA, through Canada and a summer spent in Alaska.

Work camping has always been part of the formula we planned to do as part of our retirement lifestyle. We feel it is a great way to keep our skills sharp and provide a great way to continue feel productive while also meeting terrific people and seeing the USA.

***I look forward to discussing how my skills and "can do" attitude would assist your business in providing outstanding service and a friendly, upbeat atmosphere for your camping customers.***

Most sincerely- Kevin D. Sherman
