Kevin Sherman & Luise Craige-Sherman

Hello! We are a newly retired (2023), married, professional couple who would love a work camping position that keeps our skills fresh, our bodies active, and involves providing a high level of customer service—while giving us an opportunity to explore the USA. As you will see from our work experience and skill summary below we have a lot to offer as part of a dynamic, mature campground team.

We prefer a PT position that includes a complimentary full hookup site with hourly pay but are open to discuss your priority needs. We have been part-time RVers for over 18 years and full-timers since 5/2023. We are non-smokers, drug free, and healthy. Kevin is an Army Veteran.

WE LOOK FORWARD TO SPEAKING WITH YOU!
